

MEET VERMILION

We responsibly produce essential energy to support local and global needs while delivering long-term value to our people, shareholders, customers, partners and communities. Our people are fundamental to our success. As a global organization, **Excellence, Trust, Respect and Responsibility** are at the core of our vision and central to how we do business. Together, these core values create the foundation for our strong and collaborative culture.

We prioritize health and safety, the environment, and profitability, in that order. Nothing is more important to us than the safety of the public and those who work with us, and the protection of our natural surroundings.

INTERNSHIP PROGRAMME 2024

Vermilion is offering student internships from June to August, based in Belmullet and the Bellanaboy Bridge Gas Terminal. The Internship Programme offers paid work experience for 8 - 12 weeks during the summer to students studying the following disciplines:

- **Engineering** (Mechanical, Electrical, or Instrumentation)
- **Finance**
- **Business Services** (Quantity Surveying/Business Studies)
- **Health Safety & Environment**

REQUIREMENTS:

- Preference will be given to suitably qualified students from the Erris area.
- Students must be studying one of the above disciplines to qualify for the programme.
- Only students who will be returning to college in September / October 2024 will be considered.
- Priority will be given to students entering their final year of study in 2024.
- Candidates must be a strong team player with the ability to build relationships and work constructively with others to achieve business goals.

Places on the Internship programme are subject to availability

APPLICATION:

Candidates should submit a cover letter and CV, indicating their preferred internship and suitability by **Friday, 5th of April, 2024**.
